

Hello Everyone!

We have instituted a few new ideas in order to serve you better.

1. Our full course calendar will be updated on our website monthly. You can check for updates and changes to the course listings on a regular basis.
2. In an effort to go as paperless as possible we have made less printed copies of our course calendar available. They are available on line and via e-mail to everyone.
3. We are in the process of updating our e-mail & postal mailing list. Please contact the college at your earliest convenience if you would like to be added to or taken off our mailing list, or if your contact information has changed. Specifically we are looking for e-mail addresses to make the paperless transition easier.
